5. **“Ryan McGinley: Early” at Team Gallery**

The show features McGinley’s photographs—many of which have never been shown in a gallery before— taken in New York City from 1999 to 2003, coinciding with the start of the George W. Bush era and documenting the time surrounding the 9/11 terror attacks and aftermath. The photographs capture the exploits of the artist’s social circle, mostly members of a creative community based on the Lower East Side.

Location: 83 Grand Street, New York
